Discover
the friendly lion

ADVENTURE

CITY

All set
for an adventure!

METROPOLIS

All aboard!

Proludic

TEMA

Play equipment that encourages playing,
learning, discovery and invention.

THE NEW TEMA RANGE  IS AVAILABLE IN

3 THEMES, 4 STRUCTURES

30 PLAY ACTIVITIES

Play equipment that encourages playing, learning, discovery and invention.

Proludic has added to its TEMA range with new, compact, fun-packed multi-play structures for children aged two and above, in three new themes: City, Adventure and Metropolis.

These new additions are in keeping with the original concept of the Tema range: to offer an all-in-one product ideal for optimising the use of small spaces. What is new is the make-up of each theme: four structures of increasing size, and play features that cater for the main motor functions.

The structures are then decorated in each theme, each of them creating a world of colours and play.

- Great attention has been paid to the design detail. These features stimulate the imagination of users. They enable children to become firefighters, astronauts, shopkeepers, explorers...
- The play activities are numerous thanks to the large number of 'tactile' elements, which offer children both intellectual and sensory stimulation. Discovery of sound and the way it is communicated, optical effects, the principles of action and reaction, using reasoning and logic to solve a specific problem: there is no shortage of play activities, ensuring the long term appeal of the structures to children...

CITY

The city never sleeps and there is a constant hive of activity. A station with its clock tower, a grocery store, a house that has caught fire...the stories are never ending!

How many would you like, madam?

TOUCH

Wow, it slides down on its own!

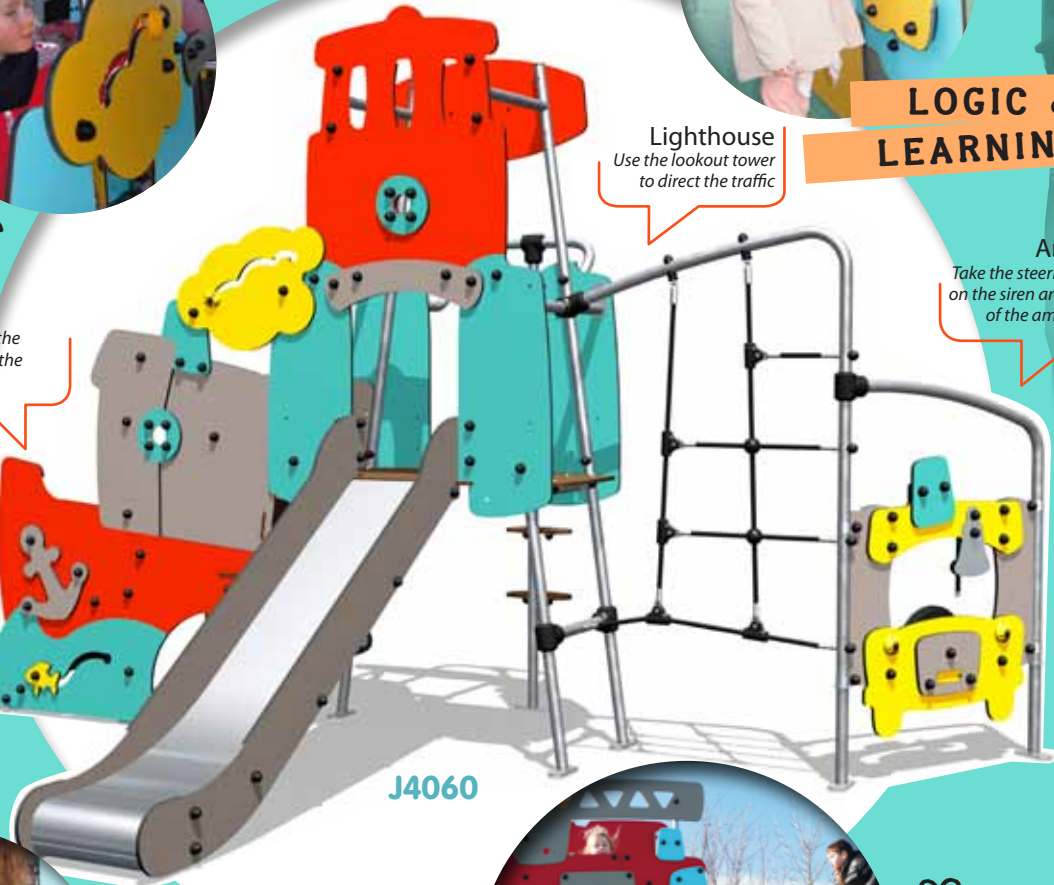

Boat
Put yourself at the helm and pilot the boat

LOGIC & LEARNING

Lighthouse
Use the lookout tower to direct the traffic

Ambulance
Take the steering wheel, turn on the siren and play the role of the ambulance driver

J4060

TOUCH

Would you prefer carrots or some chicken?

The fire engine has arrived!

AUDIO VISUAL

The dominant colours of the blue of the ocean, and the red and yellow of the fire engine, bring life and energy to the playground.

TEMA *Proludic*

ADVENTURE

Wild animals, hidden temples...the jungle is full of surprises.
Become the next Indiana Jones in search of an adventure!

*Have you seen his eyes?
They move in every
direction*

Night owl
A brilliant
observation deck

TOUCH

*We've found
the treasure
map!*

**UNDERSTANDING
OF ACTIONS
AND EFFECTS**

Lion
It is up to you to
choose his mood,
friendly or fierce

Explorer
With his moustache and
safari jacket, he is ready
for adventure

J4061

VISUAL

VISUAL

*Through the butterfly's
wings, everything
changes colour*

AUDIO

*With my new disguise,
I'm ready to go in
search of treasure*

The dominant colours of lime green and orange, bring an exotic touch to the playground.

J4051

J4071

J4081

METROPOLIS

Ready for take-off in a fantastic flying machine.
Welcome to the world of Jules Verne and his incredible inventions!

I'll just finish counting and then i'm coming to the helm

TOUCH

Can you hear me?
